# ABOUT OUR COMPANY

## A Brief Story About The Company

Ecoline LLC, established in 2025, is a new leader in the electrical engineering market. Drawing on the legacy and expertise of a well-established network, the company is poised to become a key player in the region for electrical products, serving multiple sectors including electrical, oil and gas, fire-fighting, air-conditioning, and industrial contractors. Ecoline LLC also has a strong focus on catering to various export markets in the GCC, Africa, CIS countries, and the Indian sub-continent.

With its main branch located in Muwaileh, Sharjah, the company is strategically positioned to provide a comprehensive range of electrical products with short lead times. Our extensive product portfolio includes cables and wires, cable management systems, low voltage switchgear and automation components, lighting, earthing and protection systems, renewables, and electric mobility solutions.

Ecoline LLC is an authorized dealer for various leading global brands, ensuring high-quality and reliable products for all your project needs.

# Low voltage power & communication cables

## Low Voltage Power & Communication Cables

- Single Core Wires
- XLPE Insulated Cables
- Multicore Industrial Cables
- Rubber Cables/Welding Cables
- Panel/Switchboard and Battery Cables
- Solar Cables
- Fire Performance Cables
- Data Cables/Fibre-optic/Instrumentation/Co-axial Cables

# Cable Management System

## Cable Management Systems

- PVC Conduit and Trunking Systems
- Steel Conduit Systems
- Cables Trays, Ladders, and Steel Support Systems
- Floor distribution Systems
- Cable Glands/Lugs/Connectors/Cleats/Terminations
- Cable Jointing Systems
- Steel wiring boxes
- Cable Ties & Pulling Springs

# Earthing & Lightning system

## Earthing & Lightning Protection

- Lightning Protection Systems
- Earthing systems

# Lightings

## Lighting

- Industrial Lighting
- Area Lighting
- Architectural and Commercial Lighting
- Emergency Lighting & Central Battery System
- PIR, Ultrasonic & Microwave Motion Sensors/Photocells
- LED Lamps, energy saving lamps
- LED Drivers and Converters
- Ballasts and Control Gear

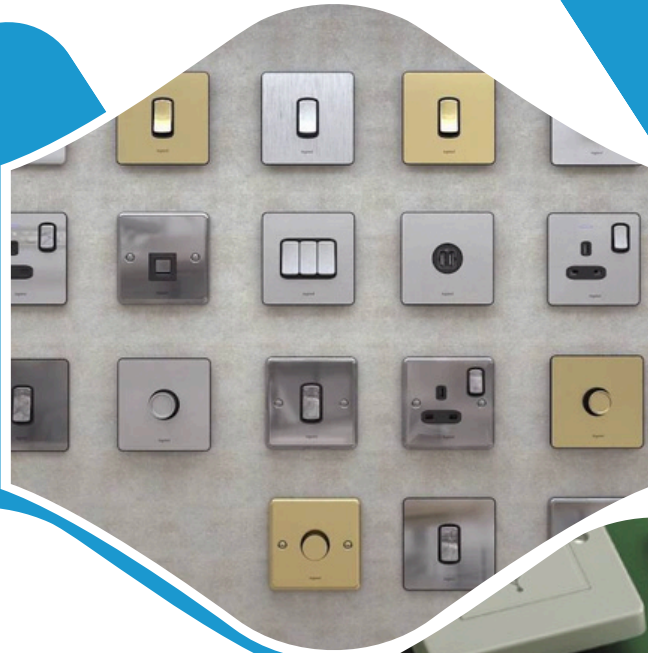

# Lighting controls & Smart Buildings

- Home Automation
- Security systems

# Electrical wiring devices & accessories

## Electrical Wiring Devices & Accessories

- British Standard Wiring Accessories
- European Standard Wiring Accessories
- Data/Communication Accessories
- PVC Connectors and Terminal Blocks

# Electrical wiring devices & accessories

## Low Voltage Energy Distribution, Control & Automation

- Modular Distribution Board components
- Main Distribution/Panel Board Circuit breakers
- Load Break Isolators-Enclosed Isolators & Changeover Switches
- Control components
- Power factor Capacitor Bank Components
- Distribution Boards and Enclosures
- Panel Board accessories

# Renewables & Electric Mobility

## Charging solutions for ev's

- Electric Vehicle (EV) Chargers
- Solar Cables
- Solar Inverters
- Solar MC4 Connectors
- Solar Panels

# Consumer Electricals

## Consumer Electricals

- Domestic and Commercial Ventilation
- Industrial Ventilating Systems
- Extension leads
- Insect killers
- Bells and Buzzers
- Electric Tapes
- Voltage Stabilizers
- Testing and Measuring Instruments

# Hand & Power Tools

## Hand & Power Tools

- Power Tools
- Hand Tools
- Accessories

## Lighting (EX.)

### Lighting (EX.)

- Fireproof Light Fittings
- Weatherproof Light Fittings

**Apex Trading Co.**, established in 1974, is one of the leading companies based in the UAE in the field of Piping, Mechanical and Sanitary products. The company caters to various industries including electro-mechanical to civil contractors, fire-fighting contractors, air-conditioning contractors, fabricators and oil and gas companies. We are committed to quality and constantly endeavor to deliver high quality products which are sourced globally from leading manufacturers

The company operates from multiple locations in the UAE - a main showroom in the heart of Deira, a central warehousing facility in Sharjah, and an office cum warehouse facility in Abu Dhabi. The total storage capacity is currently in excess of 85,000 sq.ft. across all locations to ensure short lead times for any customer requirements across the UAE. The operations are supported by a technical sales team to offer the latest products meeting all specifications suitable for the application.
